SHINE ON Timeless and elegant. A couple of words to describe the ambience of **Tiffany & Co.'s A Legacy of Glamour**, a private reception celebrating its newly renovated Michigan Avenue store. Co-hosted by the Museum of Contemporary Art and internationally renowned artist Carlos Rolón/Dzine, the party welcomed VIP guests to explore the luxurious environment while indulging in specialty cocktails followed by a seated dinner. When partygoers weren't being mesmerized by Tiffany's gleaming displays, their attention was on "Inner Shining (Tiffany Yellow)." Inspired by the cuts of Tiffany diamonds, the one-of-a-kind artwork, constructed with hand-cut mirror pieces by Rolón, was commissioned by Tiffany to fete the store's new look and its presence in Chicago for 50 years. We'll toast to that! —*Savannah Fish*
